

KELECHI OKPANI

Frontend Engineer (React / Next.js / Vue / TypeScript)

Nigeria | Open to Relocation

kelechiokpani.ko@gmail.com | <https://kelechi-okpani.vercel.app/>

PROFESSIONAL SUMMARY

Frontend Engineer with 5+ years of experience building scalable web applications using React, Next.js, and TypeScript. Experienced in fintech systems, UI architecture, and performance optimization for production-grade applications serving real users. Proven ability to translate complex product requirements into clean, maintainable frontend systems in remote, fast-paced environments. Actively seeking frontend engineering roles with relocation sponsorship in Europe.

TECH STACK

React | Next.js | Vue | TypeScript | JavaScript | Tailwind CSS | Redux Toolkit | Zustand
Node.js | Express | PostgreSQL | MongoDB
Jest | GitHub Actions | REST APIs | GraphQL
Vercel | CI/CD | Performance Optimization

EXPERIENCE

Fullstack Engineer — Jamasoft Concepts Ltd (Remote)

Jun 2023 – Jan 2026

- Built and maintained fintech UI systems for escrow and merchant payment workflows serving production users.
- Designed a reusable component system in React + Tailwind CSS, improving development speed and reducing UI inconsistencies across multiple products.
- Optimized Next.js application performance using SSR/ISR strategies, improving page load speed and Core Web Vitals scores in production.
- Collaborated with backend engineers to integrate secure financial APIs for transaction-based workflows.

UX / Frontend Engineer — Channel Info Tech (BPOSEATS)

Jan 2025 – Sep 2025

- Converted high-fidelity Figma designs into production-ready React interfaces for enterprise SaaS product.
- Migrated legacy frontend modules to TypeScript, reducing runtime UI bugs and improving maintainability.
- Worked closely with backend teams to integrate APIs and improve data consistency across user-facing dashboards.

Frontend Developer — Deep Technology Ltd

Jun 2020 – Dec 2022

- Built responsive web applications using React and modern CSS for startup-scale products.
- Integrated API testing workflows using Postman and Jest to improve frontend reliability.
- Delivered multiple production features in fast-paced agile environment with focus on scalability and UX.

EDUCATION

Higher National Diploma (HND), Computer Science

Abia State Polytechnic, Nigeria
